Donald Ogden Stewart : Perfect behavior before purchasing it in order to gage whether or not it would be worth my time, and all praised Perfect behavior:

2 of 2 people found the following review helpful. hilarious!By John SgammatoI can't stop laughing about this book, and I set it down half an hour ago. It's a scream!For example, when the section on arranging an introduction (with an unattached young lady) opens with "Procure a few feet of stout manila rope or clothesline..." you know this isn't Emily Post...I'm still laughing just recalling it. It's worth it simply for the meanings of flowers in courtship.I'll never sleep tonight; my wife will be quite distressed, and I'll be on the couch. That's OK, I'll keep reading this foolish book, Goid knows I need a laugh.0 of 0 people found the following review helpful. One StarBy JulirangVery poor copy of the original book.0 of 0 people found the following review helpful. Hilarical!!!!By P. BlatnerSo funny! For a free book, this is truly a great one. Get it. You won't regret it. Only complaint is that the illustrations don't show on paperwhite.

Leopold Classic Library is delighted to publish this classic book as part of our extensive collection. As part of our ongoing commitment to delivering value to the reader, we have also provided you with a link to a website, where you may download a digital version of this work for free. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. Whilst the books in this collection have not been hand curated, an aim of our publishing program is to facilitate rapid access to this vast reservoir of literature. As a result of this book being first published many decades ago, it may have occasional imperfections. These imperfections may include poor picture quality, blurred or missing text. While some of these imperfections may have appeared in the original work, others may have resulted from the scanning process that has been applied. However, our view is that this is a significant literary work, which deserves to be brought back into print after many decades. While some publishers have applied optical character recognition (OCR), this approach has its own drawbacks, which include formatting errors, misspelt words, or the presence of inappropriate characters. Our philosophy has been guided by a desire to provide the reader with an experience that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic book, and that the occasional imperfection that it might contain will not detract from the experience.

About the Author Donald Ogden Stewart lives in England with his wife Ella Winter.
