Rodney LaCroix : Perhaps I've Said Too Much (a Great Big Book of Messing with People) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Perhaps I've Said Too Much (a Great Big Book of Messing with People):

2 of 2 people found the following review helpful. WARNING!! By Madeupagin Do not read this with your Kindle too close to your face. This book also requires a food and drink warning - do not have either of these at all reading this

book. You will be cleaning your screen. This is a laugh out loud, wiping tears out of your eyes funny book. Pictures which help understand the topic, an entire chapter devoted to drawings Mr. Lacroix did based on one word, and pranks his kids played on him all add up to a frolicking good time. Be sure to set aside enough time to read it in one sitting, ie not before a funeral or anything. It has been quite a while since I finished it - at least as long as it took me to find his other two books on Kindle Unlimited, before writing this review, and I am still snorting with laughter. Hence my warning not to read too closely at the screen. When you need a hysterical book, this one fits the bill. **HIGHLY RECOMMENDED.** 2 of 2 people found the following review helpful. Laugh Out Loud Funny By Laura Jennison Perhaps I've Said Too Much (A Great Big Book of Messing With People) by Rodney Lacroix is pretty much a hilarious book. It's a follow up to his Things Go Wrong For Me. Both books have laugh out loud moments. And some of mine occurred in a waiting room. You know you kinda want to share what you read with the people who are now staring at you. But at the same time, you think they will think you are crazy for finding what you just read funny. While all of it is pretty much funny, some parts shine more than others. The stories about the interactions between him and his kids are just too funny. His son really is as funny as Rodney claims he is. Payton gets her own strikes in now and then as well. Of course after this book was published, he got married again and his family increased. I am guessing the next book will be even funnier. And then there is the portion where we see his Draw Something art. What a window into the way his mind works that is. Sometimes it is Too Much Information. And you really hope that his boss doesn't read his book, or he will have to be doing something else fulltime to fund his life while practicing his addiction to trickery. And he would need to find some other people to mess with. I am giving this book 4 out of 5 stars. No one is hurt by any of his messing around with them. If anything, a joke might backfire on him or one of his kids might one up him. It's all in good fun. And it is pretty much all funny. I would share quotes, but it would give away too much. If you like funny, autobiographical humor that is occasionally off color, then this book would be a good bet for you. Enjoy! 4 of 4 people found the following review helpful. A Fun Read By a Great Storyteller By K. B. This is a great follow-up to one of my surprise favorite humor books of 2012, Things Go Wrong for Me. I'm not one to pick up a book by someone who admits to being a liar and a prankster, but because of Rodney's first book, I knew I'd grab Perhaps I've Said Too Much hot off the press - and I wasn't disappointed. Though I've never met him, I can hear him telling me the stories, hands gesticulating wildly, wide grin on his troublemaking face as he makes rambling asides that somehow, magically, help support the point he takes many roundabout turns to get to, all the while keeping me engaged. Rodney's voice is his own, and - not to give anything away - the only one hurt from his shenanigans is himself (or should I say, the only thing to get hurt is his own pride?). This is what makes a good prankster: in the end, everyone is laughing. Peppered with random thoughts, ridiculous pictures, social media screen shots, and drawings that allow us to peek into his psyche a little more than some of us are prepared for, this book is not just one by a simple storyteller, but someone passionate about making a point - even if his point is simply that he's in on the joke that life is not something to be taken too seriously. From embarrassing tales of his mom opening a can of whoop-ass, to his own offspring good-naturedly one-upping him, this is a fun read that I'd absolutely recommend. I'll be telling everyone I know to get both of Rodney's books for the people in their lives who love a good laugh caused by the kind of stories only someone with a well-honed yet twisted sense of humor can tell. Kim Bongiorno - Author, Freelance Writer, Blogger at LetMeStartBySayingBlog.com

There's a prankster in all of us. Whether you're carving evil messages into your coworker's banana peel or telling your kids that, yes, raisins are actually dehydrated people, there's a certain, sinister-yet-fun draw to really messing with people. In Perhaps I've Said Too Much (the much anticipated follow-up to the heralded, award-winning Things Go Wrong For Me), Rodney Lacroix gives the reader some insight on what it's like to live the prankster life. No one is safe, including Rodney himself as not all of his antics go entirely as planned. Join him as he spins some yarns, gives you some new ideas and lets you relive the catastrophic consequences of jokes gone terribly wrong. Complete with original hand-drawn artwork and graphics, one-two punch Brain Nuggets, and the ever-popular Draw Something Files, Perhaps will not disappoint.* (Assumes you are an immature child who enjoys potty humor and making fart noises with your armpits.)

"I laughed so hard my toolie leaked and I had to change my pants; I now understand I should've been armed with wings. Amazingly funny stories from my favorite man of steel." - JennieK, Internet Radio Host, TheBrawdcast "It's a true gift when a writer puts something on paper and makes you laugh out loud. Rodney has that gift and shares it repeatedly in Perhaps I've Said Too Much!" - Gene Lavanchy, FOX Boston "Hysterical stories that had me crying tears of laughter and pissing my pants." - Jennifer Garcia, Author of "My Mr. Manny" "I laughed so hard I came untucked." - Bailey Jay, AVN Winner/ Radio Personality "There's a lot of boobs in this book. I read it for the pictures. I'm sure it's very good though." - Neal Mayhem, Broadcaster, Voice Actor, and Writer for Radio and TV "Rodney Lacroix wins again! His second book, Perhaps I've Said Too Much, blows my mind like an exploding Tiffany lamp. It made me excited for my next issue of Chicken Pluckers Monthly." - Sierra, Co-host of "The Curvacious Bounty of Sin City" radio show "It's actually possible for someone to make you laugh too hard

to the point of pain. That's what Rodney has done again! - Summer Felix, Author of "Lost Profound" and "The Right One" series "Not quite sure what state program let this lunatic out long enough to write a book, but thank God for government failure. This is brilliant, funny stuff." - James C. Mulligan, Celebrity Artist and Social Media Whore

About the Author Rodney Lacroix is a comedian, father of two amazing kids, reluctant 40-hour-a-week software engineer and best-selling author. In 2013, Rodney was awarded an NGI Book Awards Medal for his memoir, "Things Go Wrong for Me." This beautiful medal is currently on display around his neck because he has not taken it off since receiving it. Also he's not very humble. Rodney firmly believes that fabricating grandiose tales about one's self makes a person more impressive. That's exactly what he told Playgirl Magazine when they did a four-page nude spread of him. It's probably best you don't believe anything Rodney says. You can find Rodney at MidgetManOfSteel.com and DumbECards.com.
