Vicky Jacob-Ebbinghaus, Juarez Rodrigues : Pickles and Ice Cream: A Bizarre Pregnancy Cravings Cookbook before purchasing it in order to gauge whether or not it would be worth my time, and all praised Pickles and Ice Cream: A Bizarre Pregnancy Cravings Cookbook:

2 of 2 people found the following review helpful. Can't stop laughing! By Suellen Lopes Oliveira As a designer, I have the problem of buying pretty books that I never read just because they look good in my home. But this one is different, I did sit down and started reading it and for my surprise, I couldn't stop laughing and reading. Besides the wonderfully taken pictures of those peculiar dishes, the matching descriptions are 100% hilarious! I would recommend it to anyone who likes pretty things but also enjoys a good laugh. Also, great gift idea for a pregnant friend :) 3 of 3 people found the following review helpful. Quite the surprise! By KundeGot this book as a gift and was surprised in all the ways! It is quite hilarious what people can apparently come up with! The photos are really beautifully taken, I almost want to try some of the dishes! Very unique would recommend! 1 of 1 people found the following review helpful. Funny, witty, and sometimes a little gross! By Yevgeniya Gapon A hilarious collection of all the crazy stuff pregnant women crave. I really enjoyed thumbing through the book and reading all the recipes and (daring) reviews. And the photos almost make you want to try it, almost :D Definitely something I'd get as a present for a pregnant friend (whenever one of them gets pregnant :) Bon appetit!

An ideal gift for expectant mothers and a celebration of pregnancy's strangest urges, Pickles Ice Cream parodies the

inexplicable epicurian desires of pregnancy with beautifully styled images, actual recipes, and deadpan humor, all based on the popular blog. Pregnancy is known for eliciting some of our most outlandish food cravings-it seems gestating a small human being can really mess with our taste buds. Award-winning advertising execs Vicky Jacob-Ebbinghaus and Juarez Rodrigues were curious about the peculiar food choices of their expecting friends and colleagues, so on a lark they compiled some of the most bizarre combinations that women shared with them: Bacon Mars Bar Burgers, Oreos and Toothpaste, Buttered Watermelon, and many more. They treated each dish as a haute cuisine creation, artfully styling them as lovingly as any top chef. Pickles Ice Cream is a collection of their work-65 of the best, most curious, sometimes outrageous, at times oddly delicious food combinations. The book's ingredients of sleek styling, beautifully photographed recipes, and deadpan humor come together to make a perfect gift for any mom-to-be.

About the Author Vicky Jacob-Ebbinghaus is an award-winning copywriter from Johannesburg, South Africa. She began her career in advertising at Saatchi Saatchi in Johannesburg before moving to Germany in 2006, where she collected numerous accolades while working at some of the top German agencies. In 2015 Vicky took her talents freelance, and she continues to work in advertising in Hamburg, Germany. Juarez Rodrigues is a distinguished art director in the field of advertising. After studying in his native Brazil and Germany, he began working as an art director in Hamburg while also pursuing his passion for photography. Incapable of sitting still, Juarez keeps a list of "Personal Projects" to channel his creativity-including this Pickles Ice Cream Cookbook. Visit them both at picklesandicecreamcookbook.com
