Reverend Smoothello G. Debaclous : Pimp My Cubicle before purchasing it in order to gage whether or not it would be worth my time, and all praised Pimp My Cubicle:

0 of 0 people found the following review helpful. Four Stars By E. H. STOLEN 0 of 0 people found the following

review helpful. Missing ItemsBy PJVery disappointed in for sending this to me in a "used" condition when purchased new. It had clearly been opened before and pieces were missing. I bought it as a gag gift for a work mate so it was still funny. The overall item is great for office workers it just should not be sold in such poor condition.0 of 0 people found the following review helpful. Just don't.By Jen FromZenStupid as heck.

Put some mojo back into your office! This tongue-in-cheek kit contains everything you need to pimpify a bland and uninspired workspace: a dollar-sign paperweight, gold push-pins, leopard print fringe to run around the edge of your cubicle, a disco ball, and "Bling" mousepad. But if that doesn't quench your thirst for individuality, check out the accompanying book for more design schemes. From a beach front theme to the Taj Mahacubicle, you're sure to find something that appeals to your inner pimp. With Pimp My Cubicle your workspace can become the hottest and most talked about stop on the way to the water cooler!

About the AuthorA veteran journalist and screenwriter, Reverend Smoothello G. Debaclous (aka Turk Regan) has authored books on everything from voodoo to a tricked-out puppy. He is currently snowbound inside a fur-lined log cabin in the middle of the Montana wilderness, enjoying the company of the pimpest babes this side of that side: Fabulicious Kickin' T. Glow and Queen Puffenstuff Divine.
