TruncalaThis is an amusing book for anyone into pirate lore combined with haiku. This rare treasure combines a biography of an ancient pirate by the name of One-Leg Sterling from when he was captured and served aboard the Pirate Ship Black Thunder. He learned how to write haiku while on a Japanese island.This pirate tale is organized into eight parts. After a brief introduction explaining how this manuscript came into being the adventure begins. Part one tells how One-Leg Sterling decided a pirates life for me. Part two is haiku about rum and grog. Part three is about on the Spanish Main, Part four is one of my favorites telling about pirates and their wenches. Part five has tales in the South Pacific. Part six is about battle between pirates and ninjas. Part seven explains about being alone on an island and the final part advises to crack on, matesys.I found this

185 page volume fun and easy to read. If you are into unusual and unique haiku and also enjoy pirate tales, this may be your cup of grog. Rating: 4 Stars. Joseph J.
