1 of 1 people found the following review helpful. Great StoriesBy BabsAfter reading this little book, I wanted to rush out and save every single animal I could! Now reading with the Granddaughters.1 of 1 people found the following review helpful. Please, Can We Keep the Donkey?By Book LoverI picked this book up on a whim as the title intrigued me... I am so happy I bought it. It's a great read. Some of the stories make me chuckle while others brought a tear to my eye, but everyone of them made me think a little deeper about animals and their roles as our companions, helpers and housemates. I also thought the personal stories of those involved as interwoven with the rescue added real depth to each story. I just love this book.

Please, Can We Keep the Donkey? features dozens of personal accounts of successful animal adoptions and rescues. These entertaining stories describe rewarding relationships with animals ranging from dogs and cats to birds, a snake, and, of course, a donkey. Meet a rabbit who is an architect, dogs too ugly to pet, an orphaned cat who bonds with an orphaned girl, an unruly dog who brings aid to senior citizens, and many other animals whose lives have changed the people who took them in. These delightful and heartwarming stories of individuals who find each other and bring joy to one another's lives pose the question that one contributor asks: "Who rescued whom?"
