1 of 1 people found the following review helpful. I would not recommend purchasing thisBy Stephen C. SkalickyThis is a very short book that appears to be puns and other jokes (yes, despite the title, there are non-puns in here) taken directly from the Internet. There are also typos and sloppy formatting (it seems to be a print on demand book) that make it clear the author did not put a large amount of work into this book.I would not recommend purchasing this.
