Mrs Kimi Cowie - McCash : Pocket Book of Puns: Pardon? before purchasing it in order to gage whether or not it would be worth my time, and all praised Pocket Book of Puns: Pardon?:

1 of 1 people found the following review helpful. I would not recommend purchasing thisBy Stephen C. SkalickyThis is a very short book that appears to be puns and other jokes (yes, despite the title, there are non-puns in here) taken directly from the Internet. There are also typos and sloppy formatting (it seems to be a print on demand book) that make it clear the author did not put a large amount of work into this book.I would not recommend purchasing this.

Following the success of "Pocket Book of One Liners" here is the next installment in my "Pocket Book of ..." series.
