Robert Martin Walker : Politically Correct Old Testament Stories before purchasing it in order to gauge whether or not it would be worth my time, and all praised Politically Correct Old Testament Stories:

0 of 0 people found the following review helpful. great gift By M. Fox One of the cleverest, well-written, and fun tiny books for all your friends who enjoy their religion and have a good sense of humor to boot!! 3 of 3 people found the following review helpful. Let there be delight... By B. Lotfinia This collection of stories was great to read: very enjoyable if you can enjoy parodies of Judeo-Christian stories (it was written by a member of the cloth, you know) and like to see how ridiculous political correctness can be. The book has two principal weaknesses, which are closely related: once you've read a few, you've kind of read them all, especially if you're familiar with the stories. Second, the writing style isn't varied enough, especially his choices of words. "Non-viable" was funny in the "Garden of Eden" story, and cute in "Cain and Able," but it got old quickly. Still, it's a fun read, and great for kids. 3 of 5 people found the following review helpful. Funny look at classic bible stories with a PC twist. By A Customer A delightful recounting of

favorite bible stories through the filter of modern politically correctness makes you think, and laugh.

Applying the extreme sensitivity of the 1990s to stories from the Old Testament, a witty retelling of biblical classics takes these stories to a new realm while being politically correct and outlandishly hilarious. 25,000 first printing.
