

you are not a stuffy bore, this book is for you.

Bedtime stories will never again be the same--at least not after reading James Finn Garner, who, in surprisingly true Fairy Godmother fashion, waved his authorial wand and revised a large collection of fairy tales and holiday lore in *Politically Correct: The Ultimate Storybook*.

.com Bedtime stories will never again be the same--at least not after reading James Finn Garner, who, in surprisingly true Fairy Godmother fashion, waved his authorial wand and revised a large collection of fairy tales and holiday lore in *Politically Correct: The Ultimate Storybook*. This volume compiles his three separately published books, *Politically Correct Bedtime Stories*, *Once Upon a More Enlightened Time*, and *Politically Correct Holiday Stories*, examining the many "isms," whether glaringly obvious or more subtle, inherent in traditional favorites. The tales begin similarly to their Brothers Grimm and Hans Christian Anderson predecessors, but veer suddenly to incorporate non-offensive, politically correct language and modern issues that range from overzealous lawyers to rampant real estate development to the destruction of the environment. Garner refashions over two dozen tales including *Sleeping Beauty* and *Cinderella*, plucking damsels and the disenfranchised from captive plot lines, increasing their self-awareness, spunk and dialogue ten-fold, then settles them comfortably back into tales where they can live happily ever after as confident, happy, successful entrepreneurs with a social mission. The disclaimers preceding each of the three sections, as well as the abundant use of politically correct speech throughout the collection, appears at times more of a pointed mockery than a true attempt to enlighten stories locked in medieval thought. The tales do however, offer a witty and clever alternative to spoon-fed tradition. --Mara Shurgot
