Gerald A. Loeb : Politically Derelict before purchasing it in order to gage whether or not it would be worth my time, and all praised Politically Derelict:

Spot OnBy LindsayI was highly entertained at this amusing, and amazingly truthful analysis of the political climate of the last few years, particularly the 2016 presidential candidates. It is a direct, cut through the BS, summary of what we have all been witnessing in this country, of late. Mr Loeb calls it like he sees it and, I have to say, is spot on. Democrats may get their feathers ruffled when reading this book, but what else is new. I loved it.3 of 3 people found the following review helpful. Then there is my personal favorite

chapter, Mudslime MattersBy JeffHilarious!!! A rip roaring romp through today's Social Media Minefields!! Conservative and Libertarian readers will laugh until it hurts!!! Demonrats are guaranteed to be butthurt!!Then there is my personal favorite chapter, Mudslime Matters!!! I have to agree with the author,"They think there will be 72 virgins waiting for them in heaven. I don't know about you, but after a few virgins I would really like to have a pro for a change!"Virgins are in fact an overrated commodity!! Then again, while studying Arabic I learned that there may well have been a scribal mistake. In Arabic the words we know as "Virgin" and "Raisin" are differentiated by which way a squiggly line is drawn. If the squiggle flows upward it means virgin, if it points more or less downward it means raisin. Of course the Mullah's insist the correct word is virgins because how would they recruit suicide bombers with raisins??? This is the perfect book for all you Trump Deplorables!!1 of 1 people found the following review helpful. Hilarious and delightful...By Kindle CustomerI just finished Gerald Loeb's new book, Politically Derelict, and just had to tell everyone how much I enjoyed reading this delightful, entertaining ramble through the social media. Mr. Loeb is spot on with his unique sense of humor and insightful posts. Everyone will get a kick out of this RIP-roaring ride though our modern media madness of today.Politicians beware because no holds are barred in this biting little epitaph on today's world of social, business, and political arenas.I highly recommend this truly entertaining and inspiring read for all readers.Gaston D Sanders, author

In this election year, all of us could use some humor in an otherwise grim enterprise. Politically Derelict examines the political minefields of social media and the mainstream media with style and panache. This book is a handy "survival guide" to reach for when the news about politics and our politicians gets too much to bear. Chapters dealing with social media gold diggers, trolls and political types across the wide American spectrum are examined with a jaundiced, jaded eye. If laughter is the best medicine, Politically Derelict delivers without any side effects. A humorous take on this election year, this book examines politics in its most pure on social media. The foibles of our leaders is laid open for all to see and ultimately laugh at as the American population prepares to elect its leaders in the 21st Century.

About the AuthorThe son of a career Navy carrier pilot, Gerald Allen Loeb served in the US Army as an enlisted soldier in the late 1970s and was commissioned as a Second Lieutenant in 1983. He served in Saudi Arabia as a US Army Reserve Captain in the Operation Desert Storm/Enduring Freedom. In May 1983, he was graduated from San Jose State University with a B.A. of Journalism with Minors in Military Science and World History. He has written in various newspapers and periodicals in the US as well as Europe, where he resided for 15 years. Gerald has toiled in distinctly different jobs: journalist, soldier, collections agent, English teacher, cemetery worker, paperboy, busboy and general administrative drone jobs with a short stint in car sales. His previous novels include "No More Moves" (1993), "Wahoo Dan" (2015) and "The Perfect Glitch" (coming in January 2017). Mr. Loeb currently resides in sunny Albuquerque, New Mexico where he cheers on his beloved New York Yankees. He is currently working on his next books: "The Stiletto Vote" (2017) and "Orange Sun" (2018). Royalties from these works go to his two personal charities: Wounded Warriors and Embrace the Children Ministries in Uganda.
