It is as classic as an old Thunderbird, timely as today's news and funny as toilet paper hanging out of your boss's pants. Some of the best comic strip art ever drawn. Humor that drives deep into our human core.Shipping was timely and the book arrived in pristine condition.0 of 0 people found the following review helpful. Book reviewBy Beaker 63A great addition to my collection of cartoons by Berke Breathed. Opus could never be funnier. I miss the comic character, with his unique outlook on life. Highly recommended for a great time reading and sharing with your friends.
