He draws wonderfully and gives you great situational, horse-related cartoons. Pony Panorama is a compilation of three books: Gymkhana,

Thelwell Goes West and Penelope. I already owned 2 of them but this was the only way I could get "Gymkhana", one of his earlier books. Well worth it. 0 of 0 people found the following review helpful. Ponies and the people who love them
By essieBrings back memories of having opinionated, stubborn little ponies and their equally opinionated little owners! 0 of 0 people found the following review helpful. Still makes me smile!
By HolliI LOVED this book as a child and appreciate it even more as an adult!

Taking a break from the familiar catastrophes of the gymkhana and the trials of Penelope and her beloved but irascible Kipper, Thelwell slips on a stetson, leaps into the saddle from the upstairs window of the Golden Nugget Saloon and goes west.

About the AuthorSince their debut appearance in Punch over forty years ago, Norman Thelwell's cartoons and drawings have delighted millions of people all over the world. His portrayals of sporting pursuits, human beings at play, the life of the British countryside and, of course, ponies, are the products of a unique comic genius.
