A creative and joyous way to look at the world.By MistercrispAn absolutely delightful book from the creative mind of a wonderful writer. This book is a joy to read, and never fails to entertain. It also causes me to stop and wonder about the wonderful way Mr. Haun looks at the world. He is so creative and part of the joy is getting to see the world and its inhabitants in completely different ways. This book will brighten your day!0 of 0 people found the following review helpful.
