I don't think he was in stitches reading it(if he did), and I looked through it and thought it was about 50% or less funny. I think the show is kind of hit and miss too. It skewers "hipster" culture(like we haven't gotten enough of that yet...) and political correctness(ditto), but still seems to find some funny new angles. Sometimes

Portlandia will hit the nail on the head with their satire, but I also think their targets could be in Brooklyn, Austin, Seattle, San Francisco, or any other "hip" place. 1 of 1 people found the following review helpful. Playing in portlandBy "Ali"Portlandia is one of our favorite shows, with Fred Armisen and Carrie Brownstein. They play many different characters, and the series is wonderful. so when I saw this 'guidebook for visitors', i had to have it. It is very funny, and includes, fictitious places to go and things to do in Portland. A funny part is a sequence of bicycle hand signals for those who are biking around the city.A great humorous book!0 of 0 people found the following review helpful. Very funny and lovely bookBy Vivian FrangipaneVery funny, well-written and lovely book. I actually brought and used this book when I was in Portland haha. They have some great recommendations with sarcastic and funny voices written as "Fred" and "Carrie". Totally love it.
