Maybe 3x5. There is a lot of blank space on each page and then a pretty large date number. Way too tiny of spaces for my relative even if the picture is very simple. I might be able to do a few of them with fine liners. The images are cute, although they are repeated several times over throughout the calendar. The idea is very fun. 3 of 3 people found the following review helpful. Great coloring calendar By Valerie Owens Great coloring calendar. I like to use gel pens to color this because of the smaller spaces. Also the pages are thin so markers will bleed through to the next page. All thaneeya mcardle fans will love this fun daily calendar. 1 of 1 people found the following review helpful. Not as Useable as You would Think By Chelle Belle I LOVE to color! I was so excited to see this opportunity to have a little picture to color every day. Sadly, I have only colored two or three pages. The pack is ok. It has about 300 pages (weekends are on the same page). My issue with it is that with the size of the calendar and the plastic stand, it makes it difficult to position my hand in a comfortable position to color. Plus, some of the images are a little too small. It's just ok, but I'm not getting the kind of use I was hoping.

Enjoy a daily coloring session with the Posh Coloring 2017 day-to-day calendar. Get out the markers or colored pencils, tear off yesterday's page from the plastic-easel desk calendar, and relax with a coloring session. It's a wonderful way to let go of stress and find your inner calm! Featuring the art of Thaneeya McArdle, the author of more than twenty adult coloring books, the calendar provides over 300 dramatic images to color—one on each page for a year's worth of fun! Coloring images include mandalas, flowers, landscapes, stress relieving patterns, sugar skulls,

owls, elephants, cats, paisley designs, and more.
