Js. Rhodes : Post Office Confidential: Life in the United States Postal Circus before purchasing it in order to gage whether or not it would be worth my time, and all praised Post Office Confidential: Life in the United States Postal Circus:

2 of 2 people found the following review helpful. Joyful JoustBy Kelli Sebastian Populated by quirky characters who feature parodic names that appear to have flowed from the author's pen as Brueghel painted his peasants, each bulletin bursts with comic flavor like a ripe raspberry, freshly picked on a warm summer afternoon. The valiant Jazbo Rhodes--nigh invulnerable in his humility--jousts whimsically with his satiric sword at the windmill of bureaucrazy [sic], rendering it ridiculous. Regardless of his readers' familiarity with the U.S. postal system, we can ALL resonate with this entertaining edification. Jazbo's rollicking wit unveils the Universal in Absurdity, a timely commentary on our culture's current struggle to maintain meaning in institutions that threaten to undermine our potency as people. When you read Post Office Confidential, you will smile wryly in recognition of your own frustrations, laugh loudly at the

hilarity of the circumstances that we ALL share, and celebrate the victory of humanity's resilient appreciation of the Cosmic Joke.0 of 1 people found the following review helpful. Five StarsBy Ashleigh ParkerBest book is ever! So funny and interesting!

If The Onion and Catch-22 married and had a child that worked for the Postal Service, this would be the result. Post Office employees will sadly appreciate the truthful absurdities in this satire, painful but hilarious. Others readers will catch a glimpse behind this American Institution while being amused and astonished.

About the AuthorAfter a degree in psychology prepared him for the mental strain of unemployment, Jazbo Rhodes soon joined the United States Postal Service and worked undercover there for over thirty years. The result was the exposé POST OFFICE CONFIDENTIAL. He now spends his time walking the shoreline, writing songs, creating cryptic crosswords, and designing his miniature golf course.
