**Russell Rathbun : Post-Rapture Radio: Lost Writings from the Failed Revolution at the End of the Last Century** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Post-Rapture Radio: Lost Writings from the Failed Revolution at the End of the Last Century:

In *Post-Rapture Radio*, our faithful narrator finds a mysterious box containing the sermons and journal entries of a genuine, unvarnished American character the Reverend Richard Lamblove. The little-known Lamblove—tried and failed—to revolutionize contemporary Christian culture. As his journal entries, cereal box scribbles, and random notes written on paper scraps reveal, Lamblove sees contemporary culture as shallow, overly individualistic, and consumed with the kind of status measured by money, power, and celebrity. And American Evangelicalism—which has been integrated into the culture as a whole—has similar failings. Reverend Lamblove vanished without a trace, but Russell Rathbun has “compiled” his papers into a compelling critique of contemporary faith an antidote to faith-as-usual and a wakeup call for Christians to genuinely respond to the gospel.
