A different kind of adult coloring bookBy Kindle CustomerThis may not have a lot of pages, but this book is sure to provide hours of relaxing entertainment. In stead of the mandalas and other designs in other adult coloring books you get pages of designs based upon traditional Native American designs from bead work, to rugs to, to ribbon work seen at pow wows. I found it was well worth the money and while some of the designs provide a challenge to complete, the process tends to take me away from daily cares and gives me a time to relax. Well worth the cost.5 of 5 people found the following review helpful. GET IT!By Tacey Y.WOW love it! Perfect gift for Christmas !! Get it for little ones up to grandparents! I share mine with my grandson and my daughter asked for one as well! AND IT BENEFITS SUCH A GOOD CAUSE. A feel good gift for everyone! Get it , you'll love it!1 of 1 people found the following review helpful. ... that didn't have all the intricate designs and patterns like

ones you see on the marketBy CustomerI've been searching for an adult coloring book that didn't have all the intricate designs and patterns like ones you see on the market. They are obviously designed with the adult in mind. But what about folks like me who want simplicity and wide designs to color in, similar to coloring books we had as children but with an adult theme. The Pow Wow Coloring Book not only offers the kind of spacing I was looking for, but when I saw it was based on Native designs...I couldn't wait to order it and have not been disappointed. I've used colored pencils, and Paper Mate Ink Joy pens (they haven't bled through the paper). Only criticism, I wish they had more Northern designs to color.

The Pow Wow Coloring Book is an adult coloring book featuring 20 pages inspired by Native American designs. It includes designs similar to blankets, beadwork, and ribbon work seen at Pow Wows. Relax while you bring these designs to life with color! Created by PowWows.com, the leading resource for Native American culture.
