Adam Carolla : President Me: The America That's in My Head before purchasing it in order to gage whether or not it would be worth my time, and all praised President Me: The America That's in My Head:

1 of 1 people found the following review helpful. What Would Mr. Birchum Say?By 4321dudAs funny as this book was, I only laughed at the parts that did not cross into politically incorrect territory. Strangely, when I was out in public reading this book and random people just happened to be reading it over my shoulder, they were laughing at the politically incorrect segments. Odd, no? And while the weight of this book was funny, Mr. Carolla's tone approaches

that of a jaundiced crumudgeon. Even so, it is darn good work. As a sidenote, someone dear in my household likes watching *Catfish*, so I will not criticize the author's taste in television. 1 of 1 people found the following review helpful. Not much New Material to Appease Hardcore Fans, but a Great Book for New Listeners By JWKI love the Aceman. I listen daily to his podcast. I click through the link on his website every time to buy things, and I donated to his movie *Road Hard*. WITH ALL THAT BEING SAID: This book is just a rehash of material already covered in his podcasts. If you listen to about 3 months worth of *Carolla*, you already have a good understanding of this book, the direction, and where it is going. If you are a new listener of under 30 days, lots of laughs could be had, if you are a listener like I am (well over 2 years now), I'd pass unless you want to buy it to help Adam one day live the life his wife and kids live. 0 of 0 people found the following review helpful. Says it like it is and like it should be.... By KenK After seeing him on the *Kimmel* show, I had to get the book. It is refreshing to hear info that is deemed politically incorrect, topics that have been twisted in the last few decades which have caused the decline of America that we knew and enjoyed growing up in the 50's and 60's. This book points out the folly of making kids feel warm and fuzzy when they actually should be ashamed for not putting forward their best efforts. From lazy and underachieving to kumbaya parties that make it alright to be average or less than average in order to allow the rest of the world to exceed in education and prosperity. So many people no longer do what what is necessary to advance themselves as he points out, creating a whole mass of people that would rather have things handed to them than to achieve and progress. He points out that America is about achieving and creating, inventing and working to better themselves then to keep the status quo and just survive.

Imagine a world where New York Times bestselling author, comedian, actor, television, and podcast host Adam Carolla is the President of the United States. Can't do it? You don't have to! Adam has done it for you! Podcast king Adam Carolla first shared his unique, but always funny world view in his New York Times bestseller *In Fifty Years We'll All Be Chicks*—but he's not done. In *President Me*, Carolla shares his vision for a different, better America free from big issues like big government down to small problems like hotel alarm clock placement. Running on an anti-narcissism platform, President Carolla calls for a return to the values of an earlier time when stew and casserole were on every dinner table and there were no "service dogs" on airplanes. *President Me* hits right at the heart of what makes our country really annoying, and offers a plan to make all of our lives, but mostly Adam's, much better.

From the Back Cover My fellow Americans, President John F. Kennedy once famously said, "Hey, is that blond intern eighteen yet?" He also said, "Ask not what your country can do for you, but what you can do for your country." We've changed a lot since JFK asked us all to pitch in. We've become a nation of narcissistic, yoga-mat-toting, service-dog-having, absentee dads and gluten-free, hand-wringing, hypochondriac moms of overcaffeinated (yet somehow still lazy) twerking tweens. And our government is an inept bureaucracy incapable of doing anything except getting in our wallets and in our way. We've got to get it together, America. That is why I, Adam Carolla, hereby declare myself Candidate Carolla. The tome you hold in your hands is a statement of my intent to whip our country back into fighting shape, to eliminate the "what are you going to do for me?" mentality that has invaded our country. *President Me* is my manifesto, my vision for a better place . . . free of Big Government, barefoot fliers, lazy hipsters who'd rather "Occupy" than work, and the other things that are bringing our country down. With my cabinet appointees, my list of worthy and necessary presidential ManDates, and tons of great ideas for fixing our health care, education, energy, and even national parks systems . . . behold an America we can be proud of. The America I see in my head. You're welcome in advance. Your future leader, Adam About the Author Adam Carolla is the author of the New York Times bestsellers *In Fifty Years We'll All Be Chicks*, *Not Taco Bell Material*, and *President Me*, as well as a radio and television host, comedian, and actor. Carolla is well known as the cohost of the syndicated radio and MTV show *Loveline*, the cocreator and star of *The Man Show* and *Crank Yankers*, and a contestant on *Dancing with the Stars* and *Celebrity Apprentice*. He currently hosts *Catch a Contractor* and *The Adam Carolla Show*, which is the Guinness World Record holder for Most Downloaded Podcast and is available on iTunes and AdamCarolla.com.
