**Paul F. Boller Jr. : Presidential Anecdotes (Miniature Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Presidential Anecdotes (Miniature Edition):

0 of 0 people found the following review helpful. I keep it on my coffee table because it is a fun "pick up and read" bookBy c38cI certainly reccomend this book. I keep it on my coffee table because it is a fun "pick up and read" book. It shares the light hearted and funny storys regarding our nations leaders.0 of 0 people found the following review helpful. Wore my earlier edition out.By cdillon85Glad to get this updated edition; the earlier version literally fell apart, I read it so much. The updated stories were good to read, and it pulls no punches when it comes to history. This book is the reason John Quincy Adams became my favorite President; one of the few things Mr. Clinton and I agreed on. That aside, this book still makes me laugh, and it was good to see two more Presidents featured. Keep writing.0 of 0 people found the following review helpful. Five StarsBy dONNA cRABTREEGift was welcomed.

The 2008 Presidential election is almost here and that can only mean one thing: our days are about to get a lot more entertaining. Beyond their wisdom, skill, and statesmanship, presidents are also famous for their tendency to show off

horrendous manners, procrastinate on world affairs, say nonsensical things, and get into wild scandals. Clearly, being onstage all the time has its challenges and nothing proves it better than these delightful anecdotes, abridged from the critically acclaimed compendium by Oxford University Press. Including public and insider stories from 41 presidents, all the way from George Washington to Bill Clinton, it's an amusing reminder that it takes a lot more than grace-after-gaffe to be a great leader.

\*Praise for the first edition: "A robust, entertaining, collection."--Publishers Weekly "This is a more than sound refresher in American history: It is a...delightful account of how lucky this country has been in its Presidents."--Los Angeles Times Book "An immensely entertaining collection of bonbons of White House humor. What's most eye-opening is not the wit of presidents--few have been known for that--but that the stories reveal so much about their characters."--Chicago Sun-Times About the Author Paul F. Boller is at Southern Methodist University (Emeritus).
