**@Charles\_HRH : Prince Charles\_HRH's Guide to Great Britishness** before purchasing it in order to gage whether or not it would be worth my time, and all praised Prince Charles\_HRH's Guide to Great Britishness:

0 of 0 people found the following review helpful. A wonderful and extremely humorous guide to all things British!!By Mildred L. GarnerLoved the book and laughed through each page. I have always suspected that Prince Charles had wonderfully wicked sense of humor, delightful! I feel very prepared now for my upcoming trip to Great Britain. However we only drink iced tea at my house so I am taking corrective action right away, sledgehammer to the ice

maker should solve that. And then there's my Southern drawl, gotta learn how to disguise it, doing well so faaaaar. 1 of 1 people found the following review helpful. Please be aware of the risk of laughing out loud while reading this one. By Robyn Adner. If your goal is to adapt to the Britishness please do not read this book in public. You will for certain want to go for some kind of therapy to get a cure for the aches in your cheeks afterwards, well at least I was in deep need of one. But if you're willing to take the risk of a good reading, it's definitely worth it! 0 of 0 people found the following review helpful. Funny and British. By K Warner. Interesting and funny book. I hope you know this wasn't really written by Prince Charles- I was suspicious after reading some of the content. I had to Google to find out who really wrote it. but the author didn't want his name made public. Maybe it is Prince Charles! A very funny book

There are plenty of guidebooks on Great Britain, but none have been given the all-important Royal Seal of Approval. Who better to teach the world than the heir to the throne? His Royal Highness will cover everything from History ('Might have to sell France to pay for Richard III's car park fine') to British cities ('If you're wondering why the British are so good at cycling and rowing, take a look at the cost of public transport') and The Arts ('The Madness of King George III - fantastic film. Americans didn't go to the cinema because they hadn't seen the first two. Awkward'). Tackling the all-important issues such as why we Brits can form a perfectly ordinary queue with just two people, or why we love a Full English Breakfast despite the fact it contains 465,873 calories, Prince @Charles\_HRH's Guide to Great Britishness is a hilarious romp around our sceptered Isle.

About the Author. By the Grace of God, Prince Charles of Wales. Future King. Currently resides in Clarence House, London, and on social media, where over 450,000 subjects worldwide continue to enjoy His Royal Highness's sarcasm and wit. The British Empire ruled one quarter of the world, so why not the Internet as well? Winner of the Golden Twits 2012, and the Shorty Awards 2013 in the Fake Celebrity categories. Husband to Camilla. Father to William and Harry. Grandpa to George.
