**Hollander : Psycho Kitties** before purchasing it in order to gage whether or not it would be worth my time, and all praised Psycho Kitties:

Laugh Out LoudBy Valley Gay Press Book ReviewValley Gay Press Book Reviewer: Liz BradburyLike a pair of inseparable wily twin felines, Psycho Kitties's divertingcollection of deceptively simple drawings is teamed with razor sharp,wickedly witty text.If you know any cats personally, you'd know these are just the kinds ofthings they'd say. Example: Cartoon titled "Insincere Apologies of Cats"shows a smart alec kitty knocking off the wedding couple ornament, ashe sits on top of the cake, saying, "I'm sorry, were you saving this cakefor a special occasion?"Nicole Hollander's work is definitely 5 star, my only criticism with thisbook is mechanical. The reproductions of the cartoons are a bit faded,looking as though the printer was running out of toner. Or maybe it'sjust that the cartoon images are a little small. Maybe it was just thecopy I received.But there's a laugh on every page of Psycho Kitties, what could be abetter recommendation than that? Get it and snicker.0 of 0 people found the following review helpful. you'll love this bookBy dpIf you live with cats, you'll love this book!0 of 0 people found the following review helpful.
