If you love Pugs, own a Pug or have ever had a Pug, you'll get a hoot out of this book. My husband had a Pug when he was growing up. As a family we have our first Pug. We got her as a pup and it has been a wild ride ever since. Written tongue-in-cheek, this book is a stitch to read. You can't put it down once you start. Our Bella probably should be included (in any of a number of categories).0 of 0 people found the following review helpful. Need a laugh?By emmanuel ajuduaMy girlfriend loves pugs. This book was part of a treasure chest I made for her.All pug lovers will love this book. It brings a personality to each pug that is undeniably representative of pugs in general. Humorous and witty.0 of 0 people found the following review helpful. Five StarsBy Quinn BookerWhat's not to love about a bunch of cute pugs?

They may be small, round, and sweet, but the mugs on these pugs can't always be believed. Hidden beneath the big eyes and innocent-looking faces often lurks a pug who has waddled to the wrong side of the tracks. Petty theft, bribery, fraud, vandalism, even lewd and lascivious behavior are well documented in the mug shots of these pugs caught in the act of their pernicious crimes. Humorous? Yes. Funny? Not if you believe that pugs should be a little more decorous than this unruly bunch.
