Marshall E. McAdams : Puns Of Fun With Woody And Elmer before purchasing it in order to gage whether or not it would be worth my time, and all praised Puns Of Fun With Woody And Elmer:

Join Woody and Elmer, two trees with a sense of humor, as they branch out into the realm of puns. Laugh at the jokes, enjoy Marshall E. McAdams's wonderful drawings, but whatever you do, don't come unglued. Just take your time and

leaf through each page. For ages 12 to 90 plus.

About the Author Marshall E. McAdams has enjoyed painting and drawing since he was a teenager, and would often draw for his son when he was a child or make him posters for school. McAdams started drawing Elmer and Woody in the 1970s as he was working with ideas to save the rain forest, and kept adding puns. In addition to drawing, McAdams buys, sells, and collects antiques. He also holds a black belt in karate.
