ElliottI and my sons have read many of Richard Lederer's books (one of my sons even went to the prep school where he formerly taught, but alas, he was already gone) and this book is as delightful as the others. My 8 1/2 year old youngest son loves it and I like hearing his favorites, like "What doe you get when you cross an octopus and a dragon?"I'll let you look it up.0 of 0 people found the following review helpful.
