1 of 1 people found the following review helpful. A little let downBy CarlyThoughtsWhile some of these images are pure gold others are repetitive and make it a complete buzzkill. The paper is an OK quality and it's printed one side and not perforated, just to put it out there. some of the backgrounds are used a couple of different times and one of them is just downright disgusting looking. Worms period worms is the only way I can describe it I took a few photos of the least impressive pages. If you like these then you can only go forward from there0 of 0 people found the following review helpful. Five StarsBy CustomerProbably the BEST coloring book out there! I cracked up at every page! What a original coloring book!0 of 0 people found the following review helpful. Five StarsBy
