Everett A. Blackman : Pyramids and Puns: the 1st Book of Egyptian Humor before purchasing it in order to gauge whether or not it would be worth my time, and all praised Pyramids and Puns: the 1st Book of Egyptian Humor:

A cartoon spoof on the timelessness of human customs linking past and present in a culturally symbolic setting and in a vernacular the reader will be quick to grasp. The 1st (and only) book of Egyptian humor, Pyramids and Puns is also the only cartoon book of its kind archived by the world-famous British Museum's Library collection.

From the Back Cover The focus is ancient Egypt but the feeling is 'now'--a view so contemporary, time literally evaporates in the process. Like no other book of its kind, PYRAMIDS AND PUNS links past and present in a culturally symbolic setting common to all peoples and in a vernacular the reader will be quick to grasp. No area of the human landscape is spared in this humorous overview of life on the planet earth--an overview of fun and parody that is sure to delight for as long as there are pyramids to ponder. About the Author Playwright, book author and humorist with extensive listings in Who's Who in America and Who's Who in the World; also multiple play listings with Production Scripts (London) with recent productions in Cape Town, Republic of South Africa, and London, England
