**Paul Dehn : Quake, Quake, Quake; A Leaden Treasury of English Verse** before purchasing it in order to gage whether or not it would be worth my time, and all praised Quake, Quake, Quake; A Leaden Treasury of English Verse:

3 of 4 people found the following review helpful. A piece of history and a work of art.By corvid111I first came across some of Paul Dehn's cold war poems and clever manipulation of classic verses in a paperback science fiction anthology belonging to my brother in the mid 1960s. Over two decades later I saw it in toto in book form with the Edward Gorey illustrations. I could not think of a better hand to draw appropriate images for the verse. It is a slice of history and a work of art in words and images.4 of 5 people found the following review helpful. An artistic mind cloaked in fear.By TechAllyI saw this book in my Planet of The Apes Blu Ray Collection and really wanted to read it. I'm happy I purchased it. Some of the poems are really dated but they all are very creative.

Quake, Quake, Quake: A Leaden Treasury of English Verse109 pp. A collection of verse with illustrations by Edward Gorey in his unmistakable style.
