He has this weird think about roadkill. I read the book when he was done. While I didn't think it was as funny as he did I was surprised that I didn't hate it, I may have even enjoyed it a bit. The humor was pretty stupid but sometimes you just need a good laugh at stupid.2 of 2 people found

the following review helpful. GreatBy SAWVery entertaining. I think this is a fun book to read and share with 'like-minded' others. I must respectfully submit, however, that for some individuals, this is 'the real thing'...'the official cookbook'. To that I say..."to each their own"..."! I enjoy reading the book and most certainly recommend it. Keeping in mind (for most folks) that this book is "for entertainment" rather than an alternative for their Mom's "betty crocker - kitchen cookbook".0 of 0 people found the following review helpful.
