By d ess Great to read as one lays back and contemplates the great outdoors! 1 of 1 people found the following review helpful. Quiet Magic By Richard D. Johnston An absolutely wonderful book of outdoor essays. Made me long for a trip to northern Minnesota to once

again experience the wonders of a canoe trip in the Boundary Waters area.

Step outside and marvel at the grand experience of the North -- the power of a storm building on the greatest of the Great Lakes, the glory of Northern Lights in the shimmering night sky, the embracing, absolute silence of a snowhouse. Or stay inside with Quiet Magic and savor Sam Cook's unique blend of sensitive portrayals and gentle humor. Starting with his description of one of nature's wonders -- the simplicity of a stand of reeds against a wide-open sunset -- and ending with a deep appreciation for the never-ending surprises of the outdoors, Cook weaves a tapestry of enchanting images of the North Woods and keeps you smiling and chuckling all the way. In this long-awaited paperback edition, Sam Cook invites you to look outward to discover the North Country and look inward to discover yourself.

From the Publisher We've been Sam Cook fans for many years. So, naturally, we chose to publish a collection of Sam's most memorable columns as the first Pfeifer-Hamilton book. *Up North* arrived on November 19th of that first year and we sold 7,500 copies before Christmas--all in the Duluth area! Pfeifer-Hamilton was launched. Now, twelve years and five books later, we're still Sam Cook fans. Sam is not only a great writer, he's a first class person! We are proud to share his insights about life and the outdoors with you.
