Christopher Shultz, David Sloan : Quit Your Job And Move To Key West: The Complete Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Quit Your Job And Move To Key West: The Complete Guide:

1 of 1 people found the following review helpful. Must Read if Considering Moving to Key WestBy DRI bought this

to simply be an interesting read, and it certainly was. I got married in Key West in May of 2015, and we also spent our honeymoon there. We definitely fell in love with Key West, but we are from the north and have wanted to move south for as long as I can remember. It's easy to fall in love with Key West with a mindset like that. The book itself has great information if you're serious about living in Key West, and it gives lots of helpful hints for moving and how to survive in the culture there. As much as this looks like it could be a joke, it's actually a really serious book. I highly recommend reading this if you're considering moving to Key West--even if you've already vacationed there. 2 of 2 people found the following review helpful. Fun read, good advice. By David Stovall I lived in Key West 20 years ago and found the information in this book to be very accurate. The authors capture the oddity and humor of the island and its residents in their writing. I laughed when I read that while living in Key West, you may hear "two drunk drag queens bitch slapping each other in the alley behind your house at 3 am". I have heard this more than once under my window when I lived there! 0 of 0 people found the following review helpful. Humorous Helpful! By Sarah Neikam Downloaded this after our first trip to Key West, because I definitely DID want to do as the title suggests. Humorous but also quite helpful if you have the opportunity and ability to actually live the dream.

Tired of working? Sick of the Rat Race? Feel like leaving it all behind? You are one step closer just by picking up this book. *Quit Your Job And Move To Key West* is your complete guide on how to do it by people who have made it happen.

About the Author David L. Sloan and Christopher Shultz are living your dream. Since quitting their corporate jobs and moving to Key West they have become synonymous with the tropical lifestyle and attitude. Together they have sold more than 250,000 books and helped millions discover the true magic of the Florida Keys.
