Just try not to choke on the chunks when you burst into fits of giggles and guffaws.0 of 0 people found the following review helpful. As seen on Hardball with Chris Matthews on MSNBC President Donald J. Trump possesses a great sense of history and himself. A model statesman, he tweets every thought, and more. With one exception, he doesn't suffer fools lightly. Generations of schoolchildren will memorize these rubies of wisdom from President Trump. This little red book captures history on the fly: insights from the leader of the free world. Sample quotes: I'm, like, a really smart person. It has not been easy for me; and you know I started off in Brooklyn; my father gave me a small loan of a million dollars. The Bible means a lot to me, but I don't want to get into specifics. I will absolutely apologize sometime, hopefully in the distant future -- if I'm ever wrong. Everybody that's hit me so far has gone down. The wall will go up and Mexico will start behaving. I get along with everybody. I'll be the great unifier of all. While in politics it is often smart to send out false messages... The President's words are preserved here?both as a public service and as a keepsake. Unfiltered. Unabridged. Unauthorized. Unbelievable. About the Editor Carol Pogash is an all-terrain writer. It's hard to know whether to laugh or to cry... (Sara Nelson Book) [Trump] probably would love this on his airplane with him; it's like having the Gideon Bible aboard the plane. (Chris Matthews **HARDBALL**) HUGE! Timely new little red book from veteran CA journalist Carol Pogash is treasure chest of Donald Trump goodies.
