I bought this item used, and it was in great condition. You could hardly tell it wasn't new!30 of 30 people found the following review helpful. Compact and powerful volume of inspirational quotesBy A CustomerI originally bought this book for my father for Christmas, but after previewing it, I fell in love with it. Unlike many quote books I have surveyed, each quote provokes contemplation. Though small in size, I found its enlightened ideas much more valuable than other larger quote books filled with idle chatter. This is a great addition to any personal development library.5 of 9 people found the following review helpful. Great Little Book!By AaronThis is a great little book I recommend it to anyone. No matter if your a CEO or a burger flipper you will find it useful reading for ones self. I'm a 25 years old going on 12, over paid, spoiled web designer that chooses not to spend to much time in today's many stream "reality" world of thinking. I love this book it full of stuff written and spoken by people past and present that have be there done that, and figured out. Buy it! read it again and again and remember "Don't take life to seriously no one get out alive anyway"

This is a collection of some of Stephen Covey's favorite quotes that reinforce timeless ideas from all over the world and throughout history. These quotes illuminate the principles of the 7 Habits and provide inspiration to affect the outcome of each day and enahcne the mind's capacity to envision great possibilities.This book includes a biographical index.

This is a compact and beautifully hardbound reference quote book I keep on my desk at work and refer to often. I think it's ideal for students, writers, teachers, and business people. --Annie OAbout the AuthorStephen R. Covey is an
