The depth of detail this book goes into on all the intricacies of caring for a Unicorn is amazing. It's great to just pick up and thumb through and the index in the back makes it easy to

find a specific topic to read on. We have laughed hard several times while reading parts out loud to the group/family present. Definitely worth every penny. And it even has a glossary in the back to help you learn Unicorn related vocabulary. 2 of 2 people found the following review helpful. Fun read with some real merit...By JJ and the Boys After completing the multiple self-assessments, I have determined that I should merely visit - but not own - a unicorn farm. Fun read with great illustrations! This is actually a fun book to illustrate the concept of a BUSINESS PLAN. 3 of 3 people found the following review helpful. Makes a fabulous gift or addition to your own book collection. Creative and amazing! By SanFranciscoLilac Absolutely hilarious book! Makes a wonderful gift. I looked through it before giving it as a gift and it is thoroughly creative and every page is worth reading. I was afraid it would be a little cheesy but it is one of the best gag books I have ever seen.
