Mandy De Sandra : Ravished by Chris Roberts' 1-Star Reviews before purchasing it in order to gage whether or not it would be worth my time, and all praised Ravished by Chris Roberts' 1-Star Reviews:

8 of 8 people found the following review helpful. A Truly Ravishing ReadBy TowerOPower"Ravished by Chris Roberts' 1-Star Reviews" transcends everything that has come from the bizarro erotica genre. This is existential erotica. No. This is a new literary movement. No. This is a defining work of modern literature that should be held in

high regard for centuries to come. At once fiction, literary criticism, non-fiction, satire, and pure unadulterated erotica, it is a bold and inspiring critique on every aspect of internet culture, as well as on life itself. It may be short, but this book contains all of the truths. If you must read a book, this is the one to read. 2 of 2 people found the following review helpful. So weird. So funny. I laughed out loud a couple of times. By RWHart I laughed out loud, twice, while reading this on a crowded subway. Which is a good way to make people think you are a crazy person. I do not care. This was so weird and so funny. It is my sincere hope that Chris Roberts reads this while crying into a dirty sock. 0 of 0 people found the following review helpful. A masterwork of trolling the troll. By Phronk I wasn't aware of Chris Roberts before seeing this book, but after a little research, it was clear that he is a man who needs help. This short story provides that help. The living embodiment of his reviews is given literary power, drawing in the book's hapless characters to achieve it. The sexy part is genuinely funny, giving Roberts' reviews more purpose than they have ever had in real life. It's clever how they are given the ability to boink [sorry, but wouldn't let me post this review with any recognizable references to that act]. There is even a special place for Jonathan Franzen. It takes a while to get going, requires knowing who the heck Roberts is, and could use some editing, so I can't give it five stars, but this was a fun read. If this four-star review could screw, it would screw this book.

Troll! Asshole! Schmuck! Cum drunk? Many negative phrases are associated with the 1-Star Reviewer Chris Roberts. The man who claims to have divine talent and must bring wrath to all writers, past, present, and future haunts Goodreads and all author's ratings. But that is only half the story... In Mandy De Sandra's latest tale of Bizarro Erotica, Weird Science meets The Dead Poet's Society with hot Gnostic bi-sexual fucking. Featuring threesome cumming, Franzen ass fingering, Throbbing Proust penis man on man anal sex, David Foster Wallace cream pie, and one star review rim jobs.
