It's super sweet and full of great photos! He melts your heart for sure! ??4 of 4 people found the following review helpful. Tuna Makes Me Smile By Elysant de La Vallette This is not a profound piece of literature but it is profound in other ways. It is about a gentle little soul who is not the show dog and who could have been easily overlooked. And, it is a nicely made book with wonderful photography. If I could help one other dog by buying this publication, it will be worth it. 2 of 2 people found the following review helpful. Tuna Is A Great Picture Book For All Ages By Karen There are over 100 pictures of Tuna.

There are captions under each picture but that is not important. No words are needed but just the cute pictures of Tuna. High quality pictures, would recommend this to anyone and would make an excellent gift. Not a book for reading but funny pictures to laugh at.

The heartwarming true story of “the most inspiring dog on the Internet.”—BuzzFeed From Southern California castaway to Hollywood heartbreaker, Tuna the Chiweenie has won the adoration of millions. Now the charming and unconventional pooch has his own book, filled with more than a hundred all-new photographs and witty commentary to give fans an intimate and hilarious look at the Internet’s most prized pup. Tuna’s cartoonish looks—with an exaggerated overbite, a recessed jawline, and a wrinkly neck—are truly one of a kind. And yet his quirky appearance is no match for his unique perspective on life, overcoming his proclivity for staying in bed all day to keep his eye on the (bacon-flavored) prize. Teaming up with his owner, Courtney Dasher, Tuna shares a behind-the-scenes look at his daily exploits, which include sleeping, sunbathing, wearing bow ties, playing with toys, and melting hearts. Packed with witty and endearing images of this ridiculously adorable pup, *Tuna Melts My Heart* is sure to delight the underdogs in us all!

INTRODUCTION This is the story of a fine young sir named Tuna. While most Tunas that you know are probably fish, this particular Tuna is actually a dog. His name is derived from the word “cartoon,” since he has an uncanny resemblance to Montgomery Burns of *The Simpsons*. Tuna’s cartoonish looks are one thing that sets him apart from his other furry friends. He was born with an exaggerated overbite and a recessed lower jawline, which give him his distinguished shrivelneck and a one-of-a-kind profile. Much like his endearing physical attributes, Tuna is unconventional in every way. He has the ability to melt your heart with just one glance, and he will teach you that true beauty comes in all forms and radiates from within. The more you learn about him, from his beginnings as an orphan dog to his current role as an ambassador for animal rescue, you will begin to fall in love with him. I first met Tuna when he was a four-month-old puppy, in December of 2010, at a farmers’ market in Los Angeles. A year into our friendship, I created an Instagram account dedicated to Tuna’s photos, and at the end of 2012, Tuna’s notoriety grew on Instagram when they featured a picture of him on their personal page, unbeknownst to me.
