**Rhonda Rhea : Turkey Soup for the Soul: Tastes Just Like Chicken!** before purchasing it in order to gage whether or not it would be worth my time, and all praised Turkey Soup for the Soul: Tastes Just Like Chicken!:

2 of 2 people found the following review helpful. Not just a fun bookBy Carmen Leal I love Rhonda's humor. I started reading Turkey Soup for the Soul after the death of someone close to me. I was feeling sad and dealing with more stress than anyone should think about. Reading Rhonda's book helped me to focus on what really matters; my relationship with Christ.Rhonda has a wonderful way of telling a fun story everyone can relate to. Before we know it

we're reading valuable nuggets of wisdom she has someone managed to share without being preachy. It's a wonderful gift and I hope she continues to share that gift with weary, burdened everywhere. 0 of 0 people found the following review helpful. Rhonda Rhea has you rolling in the isle and then down on your knees in awe of our Maker. By Sherri Peanuts Rudolph I love this book; this is one of the best girlfriend books you could ever buy! Rhonda's humor is fantastic! Turkey Soup for the Soul is the perfect gift for anyone; Rhonda's wit and love for the Lord really shines through... give it to your mother-in-law, babysitter or hairdresser! They won't be disappointed!

Turkey Soup for the Soul is a delightful and of course hilarious collection of stories straight from the life of Rhonda Rhea, pastor's wife and mother of five. Rhonda knows how to tell a story so that we each see ourselves in the middle of her situation-whether it's fighting spandex tights or pulling melted plastic soldiers from the toaster. Amazingly, each story gently brings the focus back to Jesus and his presence in our lives. Readers will be begging for more Turkey Soup for their laughter-deprived souls.
