Steve Lubin : Twig-Lits: A Cartoon Commentree before purchasing it in order to gage whether or not it would be worth my time, and all praised Twig-Lits: A Cartoon Commentree:

0 of 0 people found the following review helpful. A refreshing engagement about the environmentBy peter s. van bloemA witty, insightful, and smack-dab-on-point fun read. Each page from Mr. Lubin delivers a simple, powerful, relevant commentary on life, liberty, and why we should therefore be in the pursuit of reforestation.A contemporary Lorax who's eminently more likable (and not so rhymey), Mr. Lubin effortlessly captures the truth without being a crybaby about it. Twig-Lit's encouragement about the environment is why this little book is so likably motivating.Buy Twig-Lits for yourself. For your spouse. Heck even for those who're Scroogies about the environment.Also makes a lovely Arbor Day gift.0 of 0 people found the following review helpful. Highly recommendedBy F G SA really really great book...Great messagebut most of all the creativity and artistic skill communicating it...unique.Not a dull moment here ...I highly recommend it . Full of thought provoking ideas and visual delights!1 of 1 people found the following review helpful. Twig-Lits is brilliant!By milouThe political message was powerful but what impressed me most was the creativity. Each page fits together so perfectly - from the word to the definition to the quotation to the cartoon. And at the same time it all relates to the whole. How clever that the book itself is made from a tree! Also loved the lay-out, graphics and color. Can't wait to see more from this author!

Introducing Twig-Lits, A Cartoon Commentree, the unique, witty lexicon created to add firepower to the environmental vocabulary of those who still care enough to protect and preserve what is left of our magnificent planet, for present and future generations of all life forms.
