Oriented to teen "girly" stuff. Love these Bathroom Readers. Not just for the bathroom, either. Got several of the kid-oriented volumes in the RV for the Gkids. Perfect book to pick up and browse for a while, put down, come back to later (= great for short attention span!).

My 11 year old daughter has been seen carrying this book around and reading the short articles between other activities. It started out in the bathroom, but was too good to keep there.

My 11 yr. old daughter really enjoyed reading this book. She quoted parts of it to the rest of the family for days.

We locked the bad boys at the BRI in the water closet and let the fairer gender run things for a while. The result: For Girls Only! You'll discover a secret stash of cheeky stories written for girls of all ages (but mostly pre-teens and teens). In what other book would you find fortune-telling tips through the ages, the recipe for Love Potion #9, and the origin of underwear? In no other book in the world! So unlock your inner goddess with . . . - The woman who invented the bulletproof vest- The Hungarian countess who killed for her beauty secret- Ten teen gals who became millionaires (and spent it wisely)- Guns and roses: the real-life story of Annie Oakley- The not-so-glamorous life of a fashion model- The princess diaries: horrific tales of intermarriage among the royal families- What movie stars wear during "nude" scenes and other cinema secrets  
And much, much more!
