So good and entertaining By pegaleg I bought this for my grandchildren, ages 12 and 13, and they love Uncle John's Bathroom Readers. I do actually keep this one in the bathroom for them when they come. A lot of the time we read them in bed and they read them to me in the car. Actually I bought 3 or 4 of

them at the same time for Christmas last year and they had to immediately start reading them. They are well worth the money.0 of 0 people found the following review helpful. Used paperback bookBy lucy63We are fans of the Uncle John's Bathroom Readers and thought our 8 year old grandson would enjoy the kid's version. He loves it and will read it on road trips and during his summer break from school, when it is normally difficult to get him to read. The book was in good condition and again, the ordering, purchasing, and delivery processes were flawless.

Designed for the younger fans, this is a light-hearted, easy-to-read collection of facts, fad, quotes, history, science, word-origins, pop culture, mythology, humor, and more!
