of the articles are humorous, others sad, but always engaging. 5 of 5 people found the following review helpful. Uncle John Goes Outside By RDRR This is another great Uncle John book full of facts, minutia, trivia and interesting stories. All these stories just happen to pertain to ecology, the environment, strange creatures, weather and other outdoor things. Good book. Well put together. Enjoyable. As a Biology Teacher I enjoyed this book and will use lots of the information and facts in my classroom. 0 of 0 people found the following review helpful. Best Bathroom reader ever!
