**Sue Steiner : Uncle John's Presents Mom's Bathtub Reader** before purchasing it in order to gage whether or not it would be worth my time, and all praised Uncle John's Presents Mom's Bathtub Reader:

1 of 1 people found the following review helpful. Another winner from Uncle JohnBy Roger FarnhamLike all the Uncle John readers this one is loaded with good stuff. Unlike the others this one is geared for women and especially the moms. There are all kinds of short articles and tips as well as some longer ones for when you just want to relax and soak in the tub. While it is designed to appeal to the ladies there is some good stuff in her for us men as well.0 of 0

people found the following review helpful. good presentBy mrs.harondaleI love the Uncle John's Bathroom reader series. I bought this for a gift for my mother for Easter. It has stories about moms and the different cultures and about funny mom stories. It's about totally random things, like the other bathroom readers, but it all has something to do with mothers. This is a good present for that mom who has everything!!0 of 2 people found the following review helpful. Mom's Bathtub Reader - Didn't like itBy DDAVISThis Reader is not like the others I have. The others are short snippets of information. This one is longer stories of women in various times of their life and with varying accomplishments. Too long to sit and read for short periods of time.

Created as a gift item for Mother's Day or moms' birthdays, this book is filled with short, informative articles, advice, inspirational quotes, humor, proverbs, and profiles of famous moms. It includes what motherhood was like in ancient Greece and Rome, Victorian England, the Middle Ages, and even prehistoric cave-dwelling days; tributes to mothers, such as poems, literature, Whistler's Mother, and the Statue of Liberty; differences in motherhood across various cultures, including Eskimo, Jewish, African, Irish, Latin; great motherly advice in notable quotes and what famous and ordinary people learned from their moms; and motherly advice that turned out to be wrong.It's all here — political moms, singing moms, animal moms, single moms, Elvis's mom, and the Mom Halls of Fame and Shame — written in a breezy, information-packed style perfect for browsing over a nice cup of tea.
