Bathroom Readers' Institute : Uncle John's True Crime: A Classic Collection of Crooks, Cops, and Capers before purchasing it in order to gage whether or not it would be worth my time, and all praised Uncle John's True Crime: A Classic Collection of Crooks, Cops, and Capers:

1 of 1 people found the following review helpful. Truth is Stranger than FictionBy Kindle CustomerThis one like all Uncle John's was funny reading. I mean sometimes you have to wonder if some people are just dumber than others as seen in this book and then sometimes you have to give people little respect for their use of human greed to get what they want. Now I am not saying that any of these characters are worthy of praise for their lives of crime, but some of

them could work the system. Although this book is not the monster volumes of other Uncle John's readers it was entertaining still. If you have read other Uncle John's then you will want to read this one. If you have never read one then this would be a good start. 3 of 3 people found the following review helpful. Genius on Parade By Glenn E. Smith Uncle John's Bathroom Readers and their many offspring and variations are always entertaining and this book is no exception. Stories like these, besides being very funny, are also great conversation pieces. When at a loss for something interesting to talk about you can always find something to interest or amuse your friends and the best part is that they're all true - you couldn't make up stuff like this. I have about 20 or 25 of these volumes and they are always great reading. By the way, you don't have to go anywhere near the bathroom to read them, either. This book is just loaded with criminal masterminds at their moronic best. Fumbling idiots with incredibly stupid crimes. Funny stuff. Enjoy. 1 of 1 people found the following review helpful. Not bad, but not up to standards of the annual "bathroom reader" By KC Jones Like most of the BRI "specialty" books, this one is well done, but because of it's topical nature, it is less wide-ranging than the usual offering. If you have an interest in crime... 5 star. If you are a devotee of the standard BRI "annual reader" you may find it a little too focused on one theme for your taste.

Do you like to read great stories? This book is loaded with them! We've rounded up the best cops-and-robber articles we've ever done--plus a rogue's gallery of new offenders. You'll read about dumb crooks and criminal masterminds, mafia henchman and low-level goons, ancient warriors and Old West gunslingers, crazed cops and jovial judges, and even a few loony lawyers and crooked Wall Street types. It's the True Crime book that only Uncle John could make! Here are some of the unusual suspects . . . - New York City's "Mad Bomber"- The Biddle Brothers and the Queen of the Jail- Law and Order: Special Pants Unit- Dopes who hide their dope in the strangest places- America's first private eye- NASCAR's bootlegging beginnings- The real pirates of the Caribbean- Why CSI makes the cops' job even harder- Billy the Kid and other outlaws who died with their boots on- George Luger, Samuel Colt, and other fathers of guns- The greatest train robberies- Arrested for farting- And much more!

About the Author Bathroom Readers' Institute: The Bathroom Readers' Institute is a tight-knit group of loyal and skilled writers, researchers, and editors who have been working as a team for years. The BRI understands the habits of a very special market—Throne Sitters—and devotes itself to providing amazing facts and conversation pieces.
