**A. P. Herbert : Uncommon Law: Being 66 Misleading Cases** before purchasing it in order to gage whether or not it would be worth my time, and all praised Uncommon Law: Being 66 Misleading Cases:

0 of 0 people found the following review helpful. A Delight for Those Interested in LawBy Richard JacksonYou have to be British, and perhaps of a certain age, or, at least have a liking for the common law heritage of Britain and her ex-colonies, but if you meet the criteria this book is a delight. Many shortish (fake) reports of absurd court actions, usually appeals from lower courts. The estimable Albert Haddock appears regularly and offers his mercurial legal

opinions to the learned judges. Great stuff!0 of 0 people found the following review helpful. If you like the law and subtle humorBy ErikIf you like the law and subtle humor, this is the book for you. Note: It is written as if it were court transcripts or briefs so it's not for the faint of heart.0 of 0 people found the following review helpful. Five StarsBy Susan LandisGreat book at a great price! My boyfriend has the hardcover edition and the cases are hilarious.

Absurdities of English law are illustrated in 66 satirical essays that are thought-provoking and amusing. Some of the cases presented, no matter how ridiculous, are still studied today. There is the famous case of Albert Haddock, who wrote out a check to the Collector of Taxes on a cow. Then there is the case of Mr. and Mrs. Pratt, who, although happily married, got divorced in order to pay less income tax. This book will teach more about legal proceedings than most lawyers know, provided the reader can stop laughing long enough to learn.

About the AuthorA. P. Herbert was a regular contributor to Punch and wrote eight novels, including *The Water Gypsies* and *Holy Deadlock*. He became Member of Parliament for Oxford University in 1935 and remained there until University seats were abolished. He was knighted in 1945. He died in 1971.
