Anybody who ever served in the armed forces ...By Sitting PrettyI found this book as a youth, my parents generation were the ones who fought and lived through this period and I found the book gave me insight into not only the war but the way they processed this turbulent time, and it's damn funny! Anybody who ever served in the armed forces will recognize the situations and the humor.0 of 0 people found the following review helpful. would have loved reading thisBy allan jireleMy 4 uncles, all dead now, would have loved reading this. The younger generations could learn much from this. I first saw an autographed copy by the author which was given to my mother by a soldier who served with Bill Mauldin in WWII. Great reading!
