Molly Fisk : Using Your Turn Signal Promotes World Peace before purchasing it in order to gauge whether or not it would be worth my time, and all praised Using Your Turn Signal Promotes World Peace:

0 of 0 people found the following review helpful. Five Stars By Roberta Very pleased with purchase 2 of 2 people found the following review helpful. A Joy to Read By William R. Drake My wife and I were given a copy of Using Your Turn Signal. My wife started reading it first and was raving about it immediately. Then it was my turn to read it...and rave about it. We then got the author's first book of essays, Blow-Drying a Chicken, from the library, which was just as wonderful. In both of the author's books of essays, the stories are sprinkled with humor and are very delightful. They also are rooted in human experiences, most or all of which we readers can identify with: joy, sadness, illness, death, insecurity, overcoming challenges, love, etc. The author is very honest in sharing things that are personal, which is

part of these books' appeal. She is wise and perceptive and through her stories shares insights about the simple things of life as well as the profound experiences that help define the remarkable person she is. These aren't just stories to entertain, they are stories that teach us how to live better. These two books are a joy to read. 2 of 2 people found the following review helpful. An Engaging Read about the Profound Task of Living a Daily Life By Ruth "Using Your Turn Signal To Promote World Peace" is a delightful, touching, deeply vulnerable book about living an everyday life. The descriptions of nature and the surrounding landscape of her home were beautiful. The story about how her mother's love of beauty was tender and yet revealed that life was not often easy for her mother. Her own stories about never marrying, being fat were vulnerable and honest. I laughed, I cried, I was angry and touched and could identify. I found her descriptions of family, home, community and self as deeply touching. I highly recommend this book.

Poets notice what other people miss. Nationally-known poet Molly Fisk's singular perspective on love, death, grammar, lingerie, small towns, and the natural world will get you laughing, crying, and thinking.

About the Author Molly Fisk is the author of *Blow-Drying a Chicken*, *Observations from a Working Poet*, the poetry collections, *The More Difficult Beauty*, *Listening to Winter*, *Terrain* (co-author) and *Salt Water Poems*, and two audio recordings of commentary, *Blow-Drying a Chicken* and *Using Your Turn Signal Promotes World Peace*. Fisk has been awarded grants by the National Endowment for the Arts, the California Arts Council, and the Corporation for Public Broadcasting, and has been nominated for Poet Laureate of California. She's currently Poet Laureate of KVMR in Nevada City and Hell's Backbone Grill in Boulder, Utah.
