YETH!By Liney3506All of the poignant graphics that should end up in The New Yorker, but don't for obvious reasons.You'll laugh, you'll cry, and you may even pee a little.Get hog wild, buy this book, and cut out and frame each image to create a gallery wall of mediocre drawings that make zero sense in or out of context.2 of 2 people found the following review helpful. Hilarious artwork from the roadBy James GangiAs

a devoted Jukebox the Ghost fan, I pre-order this off Kickstarter and received my copy a few days ago. This book is the result of crowd-sourced ideas through via Twitter and the artist's hilarious interpretations. The artwork is funny and smart. Van Doodles is a very pleasurable read and the doodles will have you laughing out loud. Great work Tommy!

I purchased this through the Kickstarter and have been a long-time fan of the band. If you enjoy Jukebox the Ghost, you will enjoy this little piece of extra art created during the band's extensive touring. It almost makes living in a van seem fun.

Tommy Siegel (guitar/vocals in Jukebox the Ghost) has a lot of time in the van while on tour -- So he takes cartoon requests from the band's fans via Twitter. A fish achieving its dream of becoming a line dancer? Sure! A bald eagle questioning its patriotism? Why not! Jukebox the Ghost as Beyonce's backup dancers? Questionable...but yes!  
Designed by Ashley Halsey, with an introduction by the author, this book is a compilation of some of his favorite doodles...so far.

About the Author Tommy Siegel is a guitarist/songwriter/vocalist in Jukebox the Ghost, an indie-pop band that has played hundreds of shows nationally and internationally (among them Bonnaroo, Outside Lands, Lollapalooza and an appearance on the Late Show with David Letterman) and released four albums -- While on tour, he does cartoons-by-request for fans.
