Tennant : Version 2.0: More BYTE-ing Humor before purchasing it in order to gage whether or not it would be worth my time, and all praised Version 2.0: More BYTE-ing Humor:

0 of 0 people found the following review helpful. computer humorBy vickiwritten when computers were 1st being used, and still funny today, even though most of it is old humor now0 of 0 people found the following review helpful. Wonderful computer cartoons!By Advocate for TruthBuy this book if you are in the computer industry and you'll get real belly laughs! Rich Tennant did it again!1 of 1 people found the following review helpful. Technology humor similar to that of the "Far-Side"By A CustomerA great book for anyone who has ever had a problem with a computer, who knows a techno-person or is one yourself.

The popular computer cartoonist is back with more 5th Wave follies to help everyone deal with an increasingly technical world with a little humor as he spoofs everything from the proliferation of user groups to computer-nerd singles bars. Original.
