Sheryl Lindsell-Roberts, K. R. Hobbie, Ted LeValliant, Marcel Theroux : Wacky Laws, Weird Decisions, Strange Statutes before purchasing it in order to gage whether or not it would be worth my time, and all praised Wacky Laws, Weird Decisions, Strange Statutes:

0 of 0 people found the following review helpful. Five StarsBy MELISSA D. Fisherthe things you learn lol0 of 0 people found the following review helpful. InterestingBy AngieThis is very interesting and funny what kinds of laws actually exist. It makes you wonder what was going on in these peoples minds.0 of 0 people found the following review helpful. Law SnippetsBy Jill BemisRanging from one sentence to a page length, the four authors compiled a selection of legal related situations that appears to lack common sense. The book is arranged into five sections; On the Books: Outlandish Statutes, Ridiculous Lawsuits, Government waste, Courtroom Antics, and What's the Verdict. They range from amusing to annoying. Although an index is provided, there are no footnotes or endnotes.

There ought to be a law against making laws this wacky! But since there isn't, why not have fun with the silliest statutes, looniest lawsuits, and dumbest decisions on record? Who ever thought a law book would be funnier than a joke book? Well it is--just take a look at these: Children under the age of seven can't attend college in Winston-Salem, North Carolina. Anyone flying over Maine should remember: it's illegal there to step out of the plane while it's in the air. And why can't the chicken cross the road in Quitman, Georgia? Because it's "fowl" criminal behavior. That's just the beginning, because this collection also uncovers some of the most incredible, unbelievable lawsuits, government grants, and court verdicts. For example, the United States Navy spent \$792 for a designer doormat. A psychic sued doctors because she lost her "aura" after a brain scan. Each fact is stranger than the one before!
